HOG MARKET WAS STEADY

There Was the Usual Saturday's Light Supply.

PRICE WAS \$7.05

Cattle Receipts Were Too Light to Make a Market.

There was the usual Saturday's light receints of hogs yesterday. The best offered was only medium heavy weights. which brought \$7.15, the same as tops on Cudahy took all offerings, the buyers holding off on account of light receipts. One car load was reported to arrive after the market closed, and they will be held over for Monday. The buyers wont hoses, but they have made up their minds that receipts will be light this

New York, June 8.-There was no change in the several repressive influmistors are unwilling to venture upon a campaign against values. Today some influence upon sentiment was exerted by the strike of the soft coal miners in West Virginia by the increasing difficulty in protecting the anthracite mines from fooding by keeping the pumps going with makeshift labor by reports of too abundant rains in the corn belt and by the fallure of the bank statement to show any recuperation in the per centage of reserve the effect of absolutely killing any demand for stocks, the selling induced was or quite insignificant proportions and the light play between professional room traders whose attendance at the board was reduced to a minimum, were all that made today's market. There was a lazy and halting advance of a large fraction to Canadian Pacific. Otherwise not a single leading stock on the list varied more than a small fraction. The small decrease in loans by the banks was insignificant to offset the decline of over a million in cash reserves, leaving the

It has been a dull week in the stock market, the volume of dealings for Tuesday running down to the lowest total | uip to trip.-St. Nichelas. for any one day in nearly two years. The general characteristic of the market was one of waiting, but there was evidence of liquidation by some tired holders and the professional element on the exchange were attentive to rumors of the formation of a formidable bear party with a campaign against prices in view. The

by \$15,00,900 indicate the hazard of large | the water. The air in that country is so speculative commitments on borrowed dry and the sun so hot that carous ment. Aside from the labor troubles and approaches that great herd of dead and market conditions are almost without ex-ception favorable to values. The under-fallen from the carcaines and they have tone of firmness and confidence in the stock market is in accordance. There has been some Equidation of speculative bond leanes and an irregular tone in that department of the market. United States twos registered, the threes and fours, declined & and the twee coupon and old fours, & per cent from the closing call

IS FLOATING POSTOFFICE Utility and Purpose of a Midget

Steamer Near Detroit. small, yacht-like white steamer dances over the swells of the Detroit river to meet and exchange messages and ulutes with every one of the passing ships-a little midget servant to this normous commerce. Without this tiny steamer the lake commerce would be as belplass as we of the cities and towns ashore would be without the postman end the postoffice.

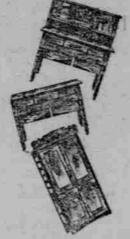

The tremendous advance in shipping facilities on the lakes in recent years has been due to tiruless American enterprise, fostered by generous appropriations by the government in aids to navigation; so when the need of the little messenger resented itself, the Washington authorities were not slow in making the experiment leading to its adoption.

This method of handling United States mail is the only one of its kind in existnce, and the idea of a floating postuffice that auccessfully delivers and receives mull to and from ships at full speed is mly another illustration of the wonders and far reaching benefits of our wide

wake postsi system. The books of the United States treasury department in Washington now contain the names of nearly four thousand some hat constitute this Great Lakes marine The fresh water sallors to whom this Seet is intrusted would, in numbers, make the population of a large city. They are therefore, fairly entitled to ome mouns of communication with their omes and families in the states borderig the lakes, and with friends far away nd the little white steamer performs his service as perfectly as can be desired. Before the establishment of the deny one abourd ship, although Ningara's wall confined the movement of vessels o the great lakes, and their veyages, back and forth were past the elsores of eight states, with a population of twenty-"Ask for Our Book on "FUTURES." | chuded six cities of over one hundred
